PURINA COW CHOW

The Killingly Farm in Massachusetts, which already has some World Champion Jersey Cows, recently added the third cow to its Championship Row. The following extract is from the Jersey Bulletin:

"Mr. Richard Faux, the manager of Killingly Farm and the man who is responsible for Championship Row, has given the question of feeding careful study. He tells us that the latest world record, as well as the previous ones, was made on **PURINA COW CHOW**, best pulp and mixed hay. The corn crop is not satisfactory in his location during most seasons and little or no green feed is used and no alfalfa."

FEED PURINA COW CHOW AND YOU'LL GET BETTER RESULTS.

THE PEANUT SHELLERS SAY:
"Your peanuts must be clean and properly harvested if top prices are expected"

The New "LILLISTON"
POSSESSES EVERY REQUIREMENT

COME AND SEE THEM IN OPERATION

"Harvester and preparing your peanut crop for the market cannot be too carefully guarded if highest prices are expected," is the statement of Boyd & Murphree, local shellers.

The Lilliston Picker is guaranteed to produce No. 1 grade peanuts, commanding \$10.00 to \$15.00 more per ton than the same quality not having been properly picked.

You are certainly interested in equipment that will produce the highest grade products—your neighbors are also interested in such equipment, and will allow preference when picking time arrives.

Don't be deceived, talk to your local shellers who pay the highest prices. Then come in and look over the New Improved Lilliston. It's new features are exceptionally desirable—its quality and performance is recognized by those having years of satisfactory experience.

Tax Notice

TAX ASSESSOR'S AND COLLECTOR'S APPOINTMENTS FOR YEAR 1927.

Pursuant to the Laws as found in Act of Legislature approved March 5th, 1901, Page 2530, Acts 1900-1, we will attend at the following times and places for the purpose of Assessing and Collecting Taxes for the County of Coffee and State of Alabama, to-wit:

FIRST ROUND.
VICTORIA—October 6th, 1927.
KINSTON—October 11th, 1927.
NEW BROCKTON—October 14th, 1927.
ENTERPRISE—Wednesday, Thursday, Friday and Saturday, October 19th, 20th, 21st and 22nd, 1927.

On all other legal business days from October 1st to December 31st, we will be at the offices in the Court House at Elba for the purpose of assessing and collecting taxes.

Taxes fall due October 1st and become delinquent after December 31st, after which interest and Collector and Assessor fees will be charged to all that have not paid or assessed by this date.

All Tax Payers are urged to PAY and ASSESS their Taxes before January 1st, and save FEES and INTEREST.

Poll Taxes may be paid by those who so desire between October 1st and February 1st.

Assessment of Automobiles will be made at above places on said dates. Don't put off the assessments to last day as they become delinquent on the 15th day of November, 1927.

D. C. MARLEY, Tax Assessor.
J. DUDLEY HEATH, Tax Collector.

Your Prescriptions--

Should always be handled by those who are thoroughly aware of the importance of filing them just as your physician has specified.

We take particular pains with all prescription work and never use substitutes. Our drugs are of the very best quality and always fresh. Send your next ones to us to be filled.

If you can't come, phone 130 and we will send for your prescriptions.

Contract Closed For Steam Heating Plant At School Buildings

The buildings of the Elba Public Schools, both the new High School building and the Grammar School building, are to be equipped with steam heat. This announcement was made early yesterday morning, following a meeting of the City Board of Education, held Tuesday night, at which time the contract was made.

This announcement will be received with genuine interest by patrons of the school, and is one of the most important movements for the benefit of the schools made in some time.

In the past the several rooms in both buildings have had only heaters to protect the children from the cold, and this has been very unsatisfactory. Children, both young and older ones, have suffered on account of the poor heating system.

According to plans already drawn up, a large furnace room will be built between the two buildings, and the steam will be carried to both buildings. The system used is known as the vacuum system. All equipment will be thoroughly modern, and will be installed by experts. The contract for the heating system has been let to Mr. O. F. Kingsley, of Oak.

The new system will cost approximately \$7,500.00, and will be ready for use early in the month of November, according to announcement.

The School Board is to be congratulated on their forward step in providing comfort for the boys and girls of the Elba Schools.

More Nitrogen Taken From Air By Planting Of Winter Legumes

The practice of taking nitrogen from the air rather than importing it or buying it in synthetic form is becoming more general in Alabama by increasing the acreage in winter legumes. In 1915 only 1,335 pounds of hairy vetch seed were planted in the state. Two years later, 1920, the amount had increased to 10,470; in 1922 to 149,465; in 1924 to 399,417; and in 1926 it was around 600,000. This year a still higher mark will be reached.

The Alabama Farm Bureau alone will handle considerably more than 600,000 pounds.

Many vetch and other winter legumes are valued chiefly for soil improvement because of the large amount of nitrogen and humus they add to the soil. To some extent they are used for grazing and for hay—either alone or in combination with oats.

The planting season begins with the early fall and experiments at Auburn have shown that early planting is best. The last half of September and the first half of October is the best planting season.

In addition to planting early, county agents are stressing the importance of inoculation and of deep planting. Two or three inches is preferred. It is stated, in the depth of the soil, that the bacteria are protected from weather conditions at this season.

The Coffee County Farm Bureau has some seed on hand and if there are any farmers who have not given orders for seed yet, you can get some by writing your County Agent, if you like, before they are gone.

Beulah Bell Weevil Fight Now!

If all Coffee County farmers will turn under their cotton stalks now while they are green yet will do a great deal of good toward fighting the boll weevil for next year's crop. The boll weevil, turned under with the stalks and with the hot dry fall weather will starve out the boll weevil. Unless we do this, and should we have a mild winter we will stand a slim chance making cotton in Coffee County next year with a big supply of weevils on hand to start with. Each farmer who turns under his stalks will help his neighbor, so cooperation in this will help a great deal.

W. M. RAY, County Agent.

RAINER MOTOR COMPANY WILL GIVE BIG FIGHT MATINEE THURSDAY NIGHT.

Rainer Motor Co., Radio dealers, will give their friends a free Radio party at the Bullard Drug Store in the May Block, tonight (Thursday), when complete returns from the Dempsey-Turney fight will be broadcast from one of their latest receiving sets. The machine will be tuned in with the ring side in Chicago, and with favorable weather conditions fans at Elba should get a good report of how the big fight is going at all times.

Lamar Rainer invites all his friends to have Radio, to be his guests on Thursday night.

Pat-An-Oil is a tougher oil. Try it and see for yourself.

616 BUCKET ROYAL AS. 100-100-100. MAYS-VAUGHN MERC. CO.

The wedding of Miss Ida Lovania Anderson and Mr. John Mason Kinney, which was quietly solemnized Wednesday morning, September 14, at the home of the bride in Durham, is an event of much interest to friends of the young couple here and at other places.

Homor Borland, of Hot Springs, Ark., sang "O Promise Me," and Miss Jewell Borland, of Pinckard, sang "Because." They were accompanied by Mrs. R. A. Shell, of Pinckard, who played the wedding march and rendered appropriate selections during the ceremony which was performed by the Rev. A. E. Shaffer.

The bride is the only daughter of Mr. and Mrs. J. F. Anderson, of Dothan, and formerly lived at Elba, where she has many friends. She is a graduate of Judson College, class of '27. The groom is the only son of the late John M. Kinney, of Elba, and is one of the town's most popular young men. He is a senior student at Emory College.

Immediately after the ceremony Mr. Kinney and his bride left for Atlanta, where they will be at home, after September 25th.

Crystal White—Clean Case—that's what makes Pan-Am better.

Buttwell Service Station.

Mr. and Mrs. Joe Holloway, of Opp, visited Mrs. Holloway's mother, Mrs. Julia Sanders, last week.

Messrs. J. D. Lee and W. M. Brunson made a business trip to Montgomery Monday.

Mrs. George Morrow and little daughter, Frances Armour, of Donalsonville, Ga., spent last week in Elba guests of Mrs. Morrow's parents, Mr. and Mrs. J. H. Armour.

A Good Backing Nothing to Worry About

Worry is first cousin to fear and is bound to impair a man's efficiency no matter what may be his occupation. Worry is generally brought about by lack of money when it is most needed. Open a savings account in our bank and you will have a good backing against worry and you can go on with your work without fear of the future. Begin now.

Wagons and Buggies Must Carry Lights When On Highways

Montgomery, Ala., Sept. 16.—Cotton wagons, farm wagons of all kinds, buggies, carts and all horse-drawn or mule-drawn vehicles when traveling the public highways in Alabama during the hours of night must carry a lantern, or other white light, so placed that it will be discernible both from the front and rear.

Commissioner of Maintenance John S. Turner of the state highway commission, calling attention Wednesday to the fact that this rule of the road is laid down in the Alabama highway code recently enacted, declared that it must be strictly complied with, and is now in full force and effect, the same as rules governing the regulation and position of lights on automobiles, state, county and municipal, vested with police power, are charged with the duty of seeing that it is complied with.

In recent weeks, reports have been made to move the public highway to the fact that this rule of the road is laid down in the Alabama highway code recently enacted, declared that it must be strictly complied with, and is now in full force and effect, the same as rules governing the regulation and position of lights on automobiles, state, county and municipal, vested with police power, are charged with the duty of seeing that it is complied with.

Those attending the Teachers Institute in Elba Friday and Saturday were: Mr. and Mrs. J. N. Wallis, Mrs. A. E. McKinnon, Prof. W. A. Elkhorn, Mrs. Herbert Jones, Misses Elizabeth Fairbanks, Kathleen Furlough, Ann Graham, Kate Jones, Gussie Boyett, Mrs. Tolson, Mattie Pollock, and Marie Ingram.

Mr. Edwin Wallace, of Montgomery, spent the week end with his parents, Mr. and Mrs. J. N. Wallis.

Miss Mary Alice Brock, who is attending business college in Dothan, spent the week end with her parents, Mr. and Mrs. Oscar Brock.

Miss Lucile Jones left last week for Talladega, where she will enter the University of Alabama.

Mr. and Mrs. E. M. Diamuke moved to Mobile Tuesday and were accompanied by Mr. and Mrs. Seth Ward, who will make their future home there. Mr. and Mrs. Diamuke returned home Wednesday.

Miss Emily Mathis, of Furman, spent Friday night with Miss Kate Jones.

Mr. and Mrs. G. A. Hart spent Sunday in Florida.

Uncle John Coon's Birthday Celebration.

By a motion made and unanimously carried we are writing up this account. Uncle John Coon and wife, who were Emma Hawthorne, were born and reared in Coffee County and have lived in the County ever since, all of their lives. To his union have been born 18 children and 16 are now living. They are all strong in body and mind and are all living in or near Kinston and Opp, except one who lives in Mobile and one in Witz Gumbo, Fla. These children are all good citizens and are all married, except one son and one daughter, who are at the home looking after their parents and the farm. Brother Coon has one of the best farms in the county and has been most successful farmer.

There was quite a large crowd of relatives and friends gathered there to enjoy this celebration and we note here that Uncle John Coon and myself have the same birthday as Brother Coon. I was 60, Brother Coon 74 and Brother King 77.

At eleven o'clock Brothers Dan Teal and Charlie Coon assembled the company in a beautiful shade in the yard and the celebration was begun. There was quite a large crowd of relatives and friends gathered there to enjoy this celebration and we note here that Uncle John Coon and myself have the same birthday as Brother Coon. I was 60, Brother Coon 74 and Brother King 77.

Two Dale Deputies Killed In Gun Fight Near Midland City

Monday's Dallas Eagle says: Adam Windham, 43, and Arthur Kelly, 30, Dale County deputy sheriffs, are dead, and Ben Smith and a man by the name of Walton are in the Dale County jail at Ozark, charged with killing the two officers, as a result of a gun battle at Cedar Grove, near Midland City about 1:30 o'clock Sunday afternoon.

The top of Windham's head was "blown entirely off," supposedly by a shotgun. During the first day the teachers were addressed by Miss Jean Laverton, county welfare superintendent. Miss Eunora Farris, county supervisor, Prof. Young of the State Department of Education, Dr. F. Rankin, county health officer, Superintendent J. E. Hudson and others.

Saturday morning the institute was opened with devotional conducted by Rev. T. C. Mahan, pastor of the Elba Baptist church. Miss Clutie Elbow, former supervisor of Coffee County and who is now with the state Department of Education, was the principal speaker on this day. Saturday afternoon the teachers were given to the teachers. Figures which show that Alabama has made rapid strides in recent years in wiping out illiteracy, and yet that the percentage of Alabama's children who can neither read or write, is appalling.

From reports of the killing received from Midland City today, it appears that Windham and Kelly, who are said to have been acting as beat deputies for the Dale county sheriff, had searched a negro's car near Cedar Grove Church for whisky. Finding no liquor the negro was allowed to proceed but the deputies are said to have kept a watch on him when he is about to have gone to the home of Ben Smith, nearby.

When the negro left, the Smith home, Smith and Walton are said to have preceded him and when the officers stopped the car to search it, the gun fight between the four is said to have followed.

Officers have not ascertained which of the two prisoners fired the shot which killed the other. The officers offered a slight snip wound caused by a bullet from a 45 calibre pistol, should have been fired by one of the deputies after the firing began. Kelly is said to have been killed before he could get his pistol from his holster.

Brotherhood Meeting And Convention of Deacons at Kinston

The Deacons and the Baptist Brotherhood of the Coffee County Baptist Association will meet with the Kinston Church on Tuesday evening, September 25, 1927, at 8 o'clock, P. M. The Baptist Brotherhood program will be from 8:00 to 6:30 P. M. at 5:30 hours will be served. After lunch will be the program of the Deacons' Convention. These programs follow:

Baptist Brotherhood Program.
Devotional services conducted by Rev. W. V. Wallace.
Song: Kinston Brotherhood Quartet, selected by Quartet.
General Subject: Stewardship.
1. How the Brotherhood will solve the financial problem of the Church, by Brother J. D. Willis.
2. The Bible on Tithing, by Bro. G. W. Callahan.
3. How the Brotherhood will help the Pastor, by Rev. A. W. Bowell.
Lunch.
Convention of Deacons' Convention.
1. The Office of Deacon, by J. E. Hudson.
2. The Finances of the Church, by A. B. Wise.
3. Getting Ready for the Association, by R. S. Martin.
4. General discussion and general business.

It is desired that every Deacon and every member of the Brotherhood will attend this meeting. The brethren of the Kinston Church have cordially invited all to attend this meeting. Every Church in the Association should be represented. Remember the time: Tuesday after the 4th Sunday. Get to Kinston by 5 P. M. The meeting will close at 8:30 P. M. J. D. Willis and J. A. Carnley, Program Committee.

Institute For Teachers Of County Held at Elba On Friday and Saturday

The Coffee County Teachers' Institute was held in Elba last Friday and Saturday. This was one of the most successful meetings of its kind that has ever been held in the county. On Thursday teachers from every school began to file into Elba, and on Friday morning they assembled in the Grammar school auditorium to the number of about 1200 o'clock Sunday afternoon.

Rev. C. A. Williams, pastor of the Elba Methodist church, the opening devotional. During the first day the teachers were addressed by Miss Jean Laverton, county welfare superintendent. Miss Eunora Farris, county supervisor, Prof. Young of the State Department of Education, Dr. F. Rankin, county health officer, Superintendent J. E. Hudson and others.

Saturday morning the institute was opened with devotional conducted by Rev. T. C. Mahan, pastor of the Elba Baptist church. Miss Clutie Elbow, former supervisor of Coffee County and who is now with the state Department of Education, was the principal speaker on this day. Saturday afternoon the teachers were given to the teachers. Figures which show that Alabama has made rapid strides in recent years in wiping out illiteracy, and yet that the percentage of Alabama's children who can neither read or write, is appalling.

From reports of the killing received from Midland City today, it appears that Windham and Kelly, who are said to have been acting as beat deputies for the Dale county sheriff, had searched a negro's car near Cedar Grove Church for whisky. Finding no liquor the negro was allowed to proceed but the deputies are said to have kept a watch on him when he is about to have gone to the home of Ben Smith, nearby.

When the negro left, the Smith home, Smith and Walton are said to have preceded him and when the officers stopped the car to search it, the gun fight between the four is said to have followed.

Officers have not ascertained which of the two prisoners fired the shot which killed the other. The officers offered a slight snip wound caused by a bullet from a 45 calibre pistol, should have been fired by one of the deputies after the firing began. Kelly is said to have been killed before he could get his pistol from his holster.

UNCLE JOHN COON'S BIRTHDAY CELEBRATION.

By a motion made and unanimously carried we are writing up this account. Uncle John Coon and wife, who were Emma Hawthorne, were born and reared in Coffee County and have lived in the County ever since, all of their lives. To his union have been born 18 children and 16 are now living. They are all strong in body and mind and are all living in or near Kinston and Opp, except one who lives in Mobile and one in Witz Gumbo, Fla. These children are all good citizens and are all married, except one son and one daughter, who are at the home looking after their parents and the farm. Brother Coon has one of the best farms in the county and has been most successful farmer.

There was quite a large crowd of relatives and friends gathered there to enjoy this celebration and we note here that Uncle John Coon and myself have the same birthday as Brother Coon. I was 60, Brother Coon 74 and Brother King 77.

At eleven o'clock Brothers Dan Teal and Charlie Coon assembled the company in a beautiful shade in the yard and the celebration was begun. There was quite a large crowd of relatives and friends gathered there to enjoy this celebration and we note here that Uncle John Coon and myself have the same birthday as Brother Coon. I was 60, Brother Coon 74 and Brother King 77.

CRIPPLED CHILDREN'S CLINIC AT TROY, FRIDAY, SEPT. 23.

The clinic for crippled children will be held in the Palmer Building at Troy, Friday, September 23rd, with Dr. Marcus Skinner presiding. Those having children who are crippled, or who are in the County who are living in or near Kinston and Opp, except one who lives in Mobile and one in Witz Gumbo, Fla. These children are all good citizens and are all married, except one son and one daughter, who are at the home looking after their parents and the farm. Brother Coon has one of the best farms in the county and has been most successful farmer.

There was quite a large crowd of relatives and friends gathered there to enjoy this celebration and we note here that Uncle John Coon and myself have the same birthday as Brother Coon. I was 60, Brother Coon 74 and Brother King 77.

SUPER 8 OZ. DOUBLE DUTY DENIM, HEADLIGHT OVERALLS, FOR \$1.98. MAYS-VAUGHN MERC. CO.

According to announcement just made, the Elba High School Tigers will have six games on the local field this season, and two dates are yet to be filled. Local fans will no doubt be glad to see that a majority of the games will be at home. Here is the schedule for the games, that have already been arranged:

Sept. 30.—Ozark—Here.
Oct. 7.—Hartford—There.
Oct. 14.—Red Level—Here.
Oct. 21.—Opp—Here.
Oct. 28.—Florida—Here.
Nov. 4.—Open.
Nov. 11.—Enterprise—Here.
Nov. 18.—Open.
Nov. 24.—Bridgewater—Here.

The first game of the season will be played here, just one week from tomorrow. The boys for several days have been in hard training, and from all accounts, the team will be splendid condition for the Ozark team on the 30th.

IF YOURS IS A HARD LOT—BUILD A HOUSE ON IT.

NEW LOW PRICE ON CHEVROLET'S LATEST MODEL.

A new low price for Chevrolet's latest and most beautiful model, the Imperial Landau, which now lists at only \$745, f. o. b., Elba, Mich., was announced recently by R. H. Grant, vice-president in charge of sales of the Chevrolet Motor Company.

This reduction was made possible by volume production growing out of the tremendous demand on the part of the public everywhere for this "Most Beautiful Chevrolet" when it was first introduced in May of this year, Mr. Grant explained. "Seldom has the industry seen the warm and enthusiastic public response that greeted the initial offering of the Imperial Landau, which at that time was priced at \$750," Mr. Grant stated.

"The output for this model far exceeded the production schedule."

"This great volume spelled manufacturing economies that the public will share in because of the lowered price effective now. In addition to making our newest model available to a wider field of prospective motorists, the reduction is further evidence of our aim to build the best popular of the nation's lowest cost cars, the Imperial Landau, which at that time was priced at \$750," Mr. Grant stated.

"The new low price on the Imperial Landau gives us a complete line of cars consisting of seven passenger models and two commercial types ranging in price from \$395 for the light truck chassis only, to \$745 for the Imperial Landau."

CAPTAIN LINDBERGH'S PLANE WAS EQUIPPED WITH GOOD RICH TIRES.

Captain Charles A. Lindbergh, who in a little over 33 hours wrote in the sky across the Atlantic Ocean the most amazing accomplishment in aviation history, was the first transatlantic flier to carry pneumatic-tired landing gear to the end of his journey. This is the gist of a bulletin just received by Dorsey Brothers, local Goodrich Silvertowns dealers, from the Goodrich factory at Akron, Ohio.

Captain Lindbergh had his famous plane equipped with Silvertowns Airplane Coils at the hangar in San Diego, California, several weeks before he hopped off on the first leg of his epochal 6,000 mile flight to Paris.

According to Mr. Dorsey, these tires, which were 30x5 inch stock Silvertowns, were not tested in any way, but were merely picked out of the tire racks at the factory of the

Revolutionizing Alabama's Cotton Ginning Industry

Electricity - Good Roads - Motor Trucks

THESE three factors are rapidly revolutionizing Alabama's cotton ginning industry—taking it into the larger communities where big electric installations are making quicker and better ginning service possible.

At these electric gins in larger centers, the steadiness of motive power makes a better, smoother, sample by eliminating gin cut cotton. Good sample—free from gin cuts—always brings top market prices.

And after the cotton's ginned, the farmer has his cotton and his seed right at the market, saving him the extra haul.

Cotton growers and cotton ginners are equally enthusiastic over the radical change which electricity, good roads and motor trucks are working in the cotton ginning industry of Alabama.

In 1923 this company served 25 Alabama cotton gins.

In 1927 there are 167 gins in 39 Alabama counties on the lines of the Alabama Power Company and Gulf Electric Company.

This number is increasing rapidly. Within a reasonable time, it is believed that every cotton grower in the state will be within easy hauling distance of an electrified cotton gin.

ZONE MEETING AT M. E. CHURCH

On last Thursday, September 15, the Elba W. M. S. was hostess to the zone meeting of this section. Many churches in the zone were represented on this occasion, and the Society had as their guests the other societies of the various churches of the town. Mrs. C. A. Williams presided over the meeting.

Rev. Ohio Williams, of Daleville, led the devotional for the morning session. Miss Midge Page rendered a beautiful solo. At the eleven o'clock hour Rev. C. S. Talley, our Presiding Elder, preached a wonderful missionary sermon, after which they were dismissed for dinner.

Dinner was served in the church auditorium by the ladies and at one o'clock the meeting resumed. Miss Jean Langston gave a most interesting talk on the county work. Reports from different committees were heard, after which we were dismissed with prayer by Brother Talley.

Every one present expressed a very pleasant and profitable time together, and we look forward to the next meeting which will be in November with the New Brockton Society.

DIAMOND CLUSTER, of 7 blue white stones, set in platinum, for sale. Can be seen at Elba Drug Co.

Messieurs Hinton Flowers, George Ryan and J. W. Kendrick visited in Troy Thursday.

Messieurs M. C. Ross and L. C. Powell, of Troy, visited relatives in Elba last week.

Miss Minnie Pearce was the week end guest of Messrs. Ruth McKinney, Maude Byrd and Lucille Chapman, at the home of Mr. and Mrs. J. G. Young at Curtis.

FOX HUNTER'S ASSOCIATION TO MEET IN TUSCALOOSA

The Alabama Fox Hunter's Association will meet in Tuscaloosa, Ala., on October 11th, 12th, 13th and 14th, 1927, for the annual field trial. According to the president of the association there are plenty of Red and Gray Fox in that section and a fine territory for running. Fox hunters who attend, will no doubt have an enjoyable time.

Our stock is all new, our prices are right. Will appreciate your patronage.

Kendrick Cash Store.

Mrs. R. S. Boyd, who has been in a hospital in Atlanta, returned to Elba last week, and her many friends will be glad to know that she is at home again. Mr. Boyd went to Atlanta to accompany her home.

MARK TUCKER'S STATE CAPITAL NEWS LETTER

Reports reach the State Department of Education from all parts of Alabama indicating that the enrollment in the public schools for this season will be such as to tax many school buildings beyond their capacity. This is particularly true in regard to the better and more modern types of school buildings, indicating a movement to those towns, cities and rural communities on the part of parents desiring to give their children the best possible educational surroundings.

The financial condition of Alabama is such that there is no falling off in the demand for the state's securities, as was shown when \$6,000,000 of bonds were sold at the Governor's Office Thursday, after spirited bidding by representatives of big bond houses. Of the bonds sold \$5,000,000 were of state highway bonds authorized by the voters last Spring.

At the same time, a premium of \$85,000 and accrued interest; being sold to a combination comprising Ward, Sterns & Co., of Birmingham; Hays & Co., of the same city, and Caldwell & Co., of Nashville. In addition, General William L. Sherrill, chairman of the state highway commission sold \$1,000,000 of airport improvement bonds, at a premium of \$17,000.

Reappointment of Walter K. McAdory as chief of the state law enforcement department was announced by Governor Bibb Graves. Mr. McAdory has held that post for the past four and one-half years and is regarded as a highly capable and efficient executive. Besides the destruction of many moonshine stills, Mr. McAdory's department has been active in recent months under the direction of the governor and attorney general, in apprehending persons charged with drug peddling in various parts of the state.

Other appointments announced by Governor Bibb Graves include that of Paul Sparks, as judge of the newly created 22nd circuit, composed of Madison county and former Senator H. H. Pratt, of Coffee County, as circuit solicitor thereof. J. Russell McElroy was appointed as judge of the eleventh circuit, Jefferson county.

After making a complete survey of the situation in the convict department, it is possible at this time that Charles H. Moffet, head of the State Board of Administration, authorities the statement that the convict department will show itself to be self sustaining, and that the system will be maintained without the necessity of drawing upon any general or special funds of the state for its maintenance. At the same time Judge Wesley Finney, head of the state highway department, says that the working of selected convicts on certain roads is proving quite as economical from the state's view point as the building of similar roads under contract.

In the meantime, collection of escaped convicts and franchise taxes and the natural increase in property values in certain sections of the state, due to influence of outside capital and public improvements, has been of sufficient volume to remove all fear of lack of revenue for the general purposes of the state.

Men in charge of the state's financial affairs make the estimate that the Alabama Educational Building Amendment, providing \$20,000,000 for immediate use in constructing permanent school buildings, can be financed without placing a strain on the general funds of the state or increasing any man's taxes.

Clean GAS and Tougher OIL

Today's high-speed motors demand them

MOST automobile engines today operate at 20% higher speeds than those of a few years ago. They are more efficient—but they put new demands on fuel and lubrication. Cylinders foul quicker unless gasoline is clean; and this increased speed not only means more wear on moving parts, but develops terrific engine heat. To meet these changed conditions, Pan-Am gasoline is refined with unusual care and Pan-Am motor oil has been improved. Pan-Am gasoline is clean—entirely free from clogging dirt and sediment. Notice how crystal clear it is next time you see a Pan-Am pump. The Pan-Am purifying process also removes invisible corrosives and carbon-forming elements. Thus, clean Pan-Am gasoline keeps your motor cleaner; besides giving your car new power and gasoline economy. And the improved Pan-Am motor oil is made especially from a paraffin-base crude to stand the gaff of added heat and friction. It is a tougher oil that adheres to cylinder walls and bearings effectively, reducing wear and adding power. Ask for both of these better products at any Pan-Am station. At home or on strange roads, you'll find the Pan-Am dealer a reliable merchant.

Clean GAS and Tougher OIL

Today's high-speed motors demand them

MOST automobile engines today operate at 20% higher speeds than those of a few years ago. They are more efficient—but they put new demands on fuel and lubrication. Cylinders foul quicker unless gasoline is clean; and this increased speed not only means more wear on moving parts, but develops terrific engine heat. To meet these changed conditions, Pan-Am gasoline is refined with unusual care and Pan-Am motor oil has been improved. Pan-Am gasoline is clean—entirely free from clogging dirt and sediment. Notice how crystal clear it is next time you see a Pan-Am pump. The Pan-Am purifying process also removes invisible corrosives and carbon-forming elements. Thus, clean Pan-Am gasoline keeps your motor cleaner; besides giving your car new power and gasoline economy. And the improved Pan-Am motor oil is made especially from a paraffin-base crude to stand the gaff of added heat and friction. It is a tougher oil that adheres to cylinder walls and bearings effectively, reducing wear and adding power. Ask for both of these better products at any Pan-Am station. BUSINESS AND PROFESSIONAL WOMEN'S CLUB ORGANIZED, OFFICERS ELECTED.

On Tuesday evening, September 20, a number of young women met at the home of Miss Sydney Rainer for the purpose of organizing a Professional and Business Women's Club. The interest in such an organization has been very keen and it is something that is needed to stimulate social and public interest among the business women of the town.

The meeting was called only for the purpose of the organization and nothing was done as to plans for the work or just what the nature of the work would be, but it is understood that the club is going to undertake some very worthwhile work both from a literary and civic standpoint. All single Business and Professional women are eligible to membership in this club and are extended an invitation to join.

The next meeting which will be held next Tuesday night at the home of Misses Nettie Ruth and Mollie Blue Walker, at which time the constitution and by-laws for the club will be ready for adoption.

The following officers for the coming year were elected:

President—Miss Annie C. Broughton.

Vice-President—Miss Jean Langston.

Secretary—Miss Jeanette Garrett.

Treasurer—Miss Lallie Harper.

Parliamentarian—Miss Eunora Farris.

Social Committee—Misses Sydney Rainer, Estelle Bryant and Evelyn Allied.

Constitutional Committee—Misses Laura Bryant, Mary Bozeman and Mollie Blue Walker.

Program Committee—Misses Eunora Farris, Barbara Carlisle and Nettie Ruth Walker.

We have just received a new shipment of Hot-Shot Batteries. They make cranking easy; come in and let us fit you up.

Star Auto Company.

Miss Minnie Pearce was the week end guest of Messrs. Ruth McKinney, Maude Byrd and Lucille Chapman, at the home of Mr. and Mrs. J. G. Young at Curtis.
